

Camp Mariposa® supports children living with addiction in their families.

Camp Mariposa is a national addiction prevention and mentoring program for youth who have been impacted by substance abuse in their families. Camp Mariposa is offered free-of-charge to all families.

Children ages 9-12 attend transformational weekend camps multiple times a year. Campers participate in fun traditional camp activities combined with education and support exercises led by mental health professionals and trained mentors.

Additional educational, social, and mentoring activities are offered for campers, teens, and their families throughout the year. These activities build knowledge, coping skills, confidence and an opportunity to connect with one another. Led by mental health professionals and trained volunteers, Camp Mariposa provides a safe, fun, and supportive environment critical to help break the cycle of addiction.

I came to Camp Mariposa to learn how to deal with my dad's drug addiction. I've never had a friend I could talk to but here, everyone understands what I'm going through. I learned healthy ways to cope with addiction in my family and that I can make choices to be DIFFERENT.
