# LACHER

From the first day we opened our doors as Lacher, we knew this was more than insurance. This was a community of team members, family members and neighbors committed to making it easy to have peace of mind. That wasn't just about paperwork and premiums, it was about watching each other's backs. Proactively looking for problems, extra due diligence when the diligence was due. This is a people business, one that is changing daily to stay committed to always providing the best clarity so all of our people can focus on what matters most in life.
